

Finally! Summer is here! You may have a getaway planned, vacation Bible school, camping, cookouts or family get-togethers scheduled on an already crowded calendar.

Count on GOFORTH MEDIA to work all summer long to provide the kind of ministry you have come to enjoy because we don't go on vacation. You can make our stations a part of your summer. We will be happy to join you at the beach, at the ballgame or wherever you go along the Central Gulf Coast. A drive in the country? A morning walk or jog? A day at the beach? Take along 88.5 FM, 840 AM, or 960 AM.

Not only can radio travel with listeners, it can reach into places where folks are

hurting and in desperate need.

This home mission work is no more than a few feet away from most people in our area at any time. It's a free service requiring nothing more than the flick of a button. Think about that: Right at this very moment someone is hungering for the truth. They've reached a crisis point and are ready to make a change, and we can be there for them. That's exciting!

It's why this truly is a faith ministry.

The Summer Stretch

From the other side of the Radio

Hi working members of Power 88!

I'm 25 years old, mother of two kids and I'm a resident of Foley al. I want you to know how much you've been a BIG help in changing mine and my families lives. I have always claimed myself as a Christian from growing up amongst other Christians but didn't walk the life of one as should have been. As a child I didn't go to church nor read the Bible nor was my either parents Christians nor members of a church organization. It has caused for a rough child hood, teen years, and even teen parenting not having God as my leader in life.

My children seem to be growing up with the same holes in their childhood as well, for me as a mother it just didn't seem right. So one day I heard from another Christian about this great radio station power 88. She said well you do want to become more like Jesus and follow his lead and let him steer your life without so much pain and conflict in it tune into this station when you are going through hard times.

“You have no idea how much I feel like this station has saved me.”

So I started doing that mainly in my car and began to notice a difference in everything around me shortly. After a while I didn't really want to turn my radio to any other channel

because of how inappropriate for my kids today's music is on other channels. I began to feel overwhelming feelings that can't be anything else but the holy spirit. I started

noticing that I was praying more often even in front of others even family members and friends. So now my children are beginning a new life knowing exactly who Jesus Christ and God are. They turn your station on too in their rooms and only want to listen to that.

You have no idea how much I feel like this station has saved me and my kids lives. Thanks to y'all and the wonderful music with amazing messages that y'all play we have found our home and lives to feel more peaceful and we now have a common used phrase in our home and car. Through Jesus Christ all things are possible. My kids say it to themselves multiple times on a daily. So I just wanted y'all to know that. Not sure if your aware of how many frequent listeners y'all have but here are three (me and the two kids) out of I am sure many.

Y'all are amazing and please DONT EVER STOP.

A new way to hear Christian Talk Radio

WBHY-AM 840 is adding a new FM translator and increasing the power on its existing FM translators.

What's a translator? I'm glad you asked!

Translators capture the signals coming from the original station and rebroadcasts those signals on another frequency, typically in an area where the original signals are weak.

There are a limited number of radio frequencies available, so when we find an open spot, it's a blessing!

All FM translators operate 24 hours a day 7 days a week with Christian programs and talk shows.

The programs you can hear on WBHY-AM 840 include:

- Chuck Swindoll
- Tony Evans
- David Jeremiah
- Charles Stanley
- Eric Metaxas
- Dave Ramsey
- news from WKRG-TV 5

The FM translators for WBHY-AM 840 are:

- 103.3 FM - Spanish Fort (new)
- 103.5 FM - Mobile*
- 106.9 FM - Fairhope

*Power has recently been doubled

(continued from page one)

At GOFORTH MEDIA, we look at the coming months as our *summer stretch* because giving to this ministry usually drops off. Our dollars have to stretch. Operating a broadcast facility is expensive these days. Especially when making an effort to maintain quality programming. That's why we ask you not to let your support go on vacation, even when you do.

Summer is always a difficult time for us financially. So, we count on you and our other friends who have united to serve as our support foundation.

Why not write your check in advance of your vacation and mail it to us before you leave? You will be doing us a big favor. If you are not a regular contributor, summer is a great time to send a special one-time gift. That extra effort will help to make up for the normal downturn at this time. These are YOUR stations and they depend upon you for good health. If you are a monthly underwriting partner, your faithfulness this summer is extremely important. Thank you in advance for remembering the *summer stretch*.

If this ministry
is a blessing to you,
please consider a
donation. Give at..

Kenny's Corner

It's summertime once again along the Gulf Coast.

Time to get ready for cookouts, family vacations and trips to the beach.

It's also the time when church youth groups crank up the number of activities and get-togethers.

Whether it be missions work or having a fun activity, church youth calendars are filled with exciting events.

If you are a student leader at a church and are still looking for a fun activity that will let the community know about your local ministry, why not consider joining us one Friday Night on **the PowerHours**?

Students will be a part of a high octane radio show that puts them on the air live.

Discover what happens on the other side of the radio while your kids get to pick their favorite songs.

If this sounds like it would be an interesting outing for your church youth, email me at kenny@goforth.org to find out more information and available dates.
