Harvest Time is Here

With your help. something wonderful can happen to Power 88 before the end of this year!

The FCC is giving us the go ahead to increase our coverage area and reach more people with the Gospel. We can boost the power of the station from 33,000 to 100,000 watts and raise the tower (which also extends the signal). The result: Places like Pensacola and

strong presence. Thousands of people would be reached by this ministry who are not being reached now.

We've been praying about this possibility for many years and now it can happen! The Lord has opened the door. The only barrier left to bringing God's love to so many more people is the cost of the equipment and construction. We estimate the price tag to be close to \$100,000.

Goforth Media has labored in the fields for more than 30 years without the benefit of a large donor and without an organization financially backing the effort. We have simply asked for God's provision through small donations supplied by generous listeners.

Will you consider a donation to help reach thousands more people with the gospel? Please pray about becoming a part of this important project. Your gift is tax deductible. It is time to work the fields. Harvest time is here.

Milton, Florida would receive an amplified Power 88 signal. Fringe areas would suddenly go from getting a weak and inconsistent sound to hearing a solid and

Power 88 Reaches Death Row

Dear Staff of Power 88.5,

I'm presently being housed on Alabama's death row for the last thirty years. I have been listening to this station from the very start, I believe that was back in March 1992. The reason why I remember that March and year, was because the State of Alabama had an execution on that day or that night and I was trying to find some music to drown out my sorrow. And ran across a Praise & Worship radio station with a weak signal called "Power 88."

I had an opportunity to sow a seed through this radio ministry back then, and I plan to give to this radio ministry again very soon - smile! As soon as I get some funds. I am amazed at how clear and

strong the radio station is coming to my cell, because there is a lot of steel, concrete, and iron around here - smile! I mostly listen in the morning to Kevin and Taylor while I'm doing my morning devotional. They are a real hoot, and joy to listen to, they keep me laughing.

Well, let me stop for now, my prayers are that this radio ministry will continue to reach those who are troubled, confused, persecuted, and casted down, that the life of Christ may be manifested in them, to the glory of God. Amen-amen.

With Much love, peace & Joy in Christ!
Earl

MORE LETTERS FROM LISTENERS...

● **I know I am truly blessed** when I crank up my car in the mornings and Power 88 blasts from the speakers. I know that I don't have to worry about my son hearing anything bad from your radio station and for that I wish I could donate more than what I do at a time. Stay true in advancing the kingdom and may God rain his blessings on you, the radio station and all who listen.

● **I cannot tell you** how many mornings the songs have enriched my life and set a Christian tone for the day. It is past time I give back!

“ *I never change the dial, even if it goes off the air.. I would listen no matter what!!!*

● **I think Power 88 is one of the best stations on the radio.** I listen to ya'll every morning on the way to school. Keep up the good work and continue to play really uplifting and encouraging songs. They really help get me through the day by reminding me that God loves me and to not give up.

● **This radio station has helped me** get through a lot of troubled times I never change the dial, even if it goes off air, there's no other radio station I would listen to no matter what!!!!!!!!!!

● **I was under so much stress,** depressed, not knowing what to do next. One day I just started praying on my way to work to help me. Never before had I listened to Christian music. After praying, I turned the radio to your station. I have not turned the dial since. It has given me such joy and helped me through many hard times. Listening to your station made me want to hear more about God. My husband and I have gone back to church. At my church, I just love learning more and more about God. Thank you for being there.

● **I keep wondering and asking God where should I tithe.** I don't attend any one particular church so I am sending this tithe to the station to help what helped me—Christian radio. Thank you for being on the air and playing wonderful praise.

A Big Thank You!

Before we say goodbye to the summer, the staff at Goforth Media want to say big "thank you" for making it a good one. It's been great to meet our listeners at events and concerts, hear you during over-the-air contests, and read your email and traditional mail written to us.

Thank you for partnering with us to make Goforth Media an effective local Christian ministry.

We look ahead this fall to reaching into more homes and hearts with the hope of the Gospel, communicating through music and Biblical teaching. We can't say enough about our monthly support team, because without you taking that extra time to make donations, we couldn't focus on the mission God has for us.

Your steady financial support, no matter what the amount, helps us lead people into a deeper walk with Christ. We also encourage you to support the church you attend. There's no substitute for gathering regularly with believers and praising his name together!

Kenny's Corner

As we prepare to close the door on summer (the season not the temperatures) we look forward to the fall. Autumn brings football, students going back to classes, football, cooler temperatures (did I mention football?). Each fall we look forward to these things but this particular fall we're

looking for something we've prayed for over a quarter century: a power increase for Power 88. You've likely heard us talk about this over the past few months and it's finally happening! We've started ordering the parts required to make this happen so this prayer may become a reality this fall! Would you join with us in praying that this process is able to continue until completion? Along with your prayers, we also need our listeners to step up and help us financially to make this happen. Over the years we have intentionally not spent a lot of our air time trying to raise funds. We rely on the gifts of our listeners and underwriters to remain on the air and it has been that way from the beginning of Power 88. Since this is a special project, we really need you to sow some good seed into this ministry. Catch this vision so that more people will be able to be reached with the 24/7 Gospel message through Power 88. You can give online at www.goforth.org.
