

G

FORTH

October 2017

Halfway to our Goal!

We are about half way to our financial goal of \$100,000 in order to boost the Power 88 from 33,000 to 100,000 watts.

For every one dollar we raise, that's one watt we get to raise the power.

*\$100,000 means
100,000 watts!*

If you look on the back of this newsletter, you'll see a map showing how much difference this will make to the Power 88 coverage area.

With your help, we can reach more people with

the Gospel—especially in Florida.

Please pray with us and consider a one-time special gift.

Goforth Media has labored in the fields for more than 30 years without the benefit of a large donor or organization financially backing this radio effort.

We have simply asked for God's provision through small donations supplied by generous listeners.

It's time to work the fields. Harvest time is here. Will you answer His call?

You can give to this ministry online at

Goforth.org

or write:

Listener Letters

- You are such an inspiration to me and my son. We listen to you every morning on the way to school and work. I am a new Christian and thankful to God that we have a Christian radio station where I can get my daily dose of good music! Keep up the good work and may God bless you and what you're doing!

“ *Instead of a gift my brother asked me to donate to Power 88..*

- This station really lifts me up every day! Each time I get in the car, I just get pumped up even more about the Lord and his love for me! Thanks guys!

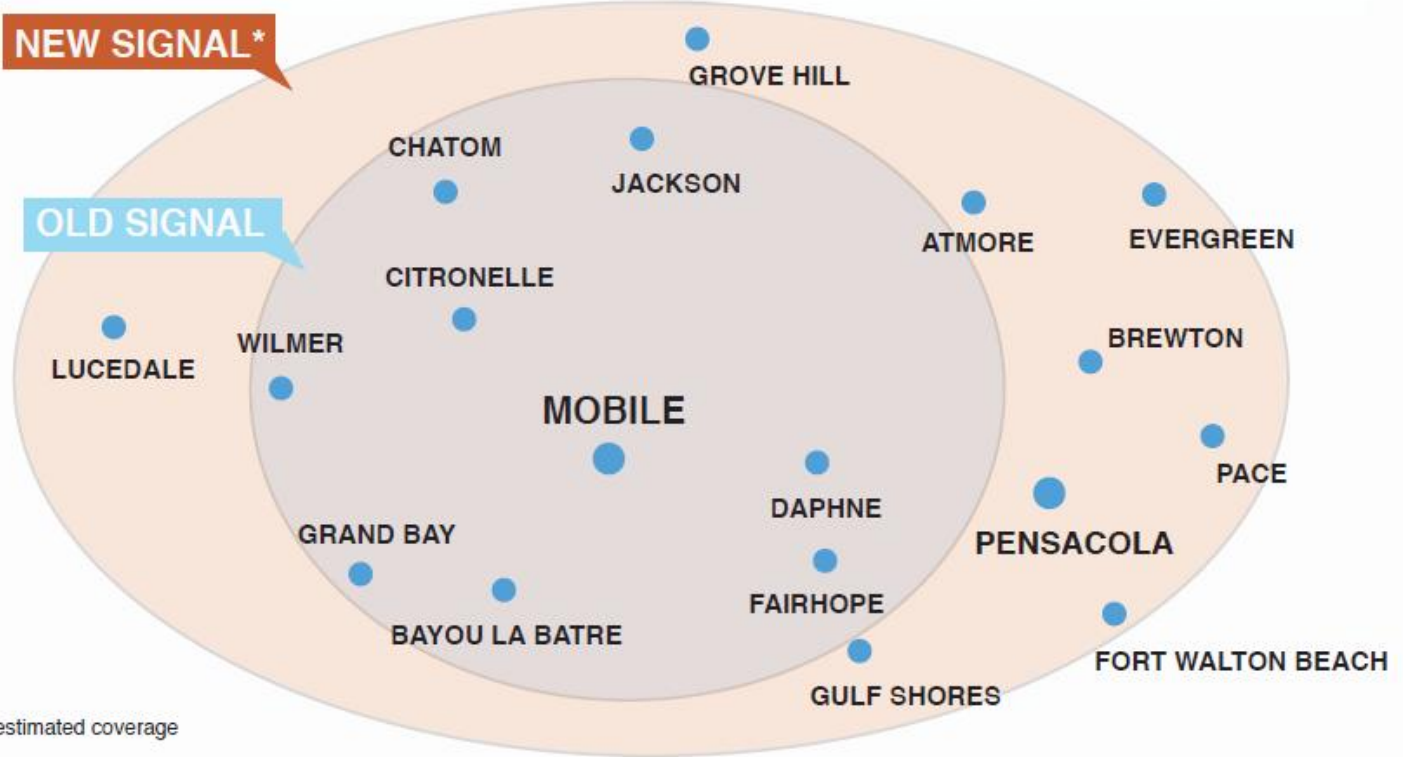

- I just wanted to take the time to say what a great job you are doing. Your music and words of encouragement have been a blessing. I'm struggling each day to live the Christian life and you probably are, too. But I am lifting you and your station up in prayer and hope you will do the same for me. I have not heard anything quite as effective as Power 88! Thank you and may God continue to bless your work.

- Thank you for shining the light of God! You are my family's daily reminder that God shelters us, loves us, knows every trial we face - and carries us through when we feel we can't go on. Thank you for being there for us.

- This year instead of a gift my brother asked me to donate to Power 88 in Mobile. His entire family listens to it and gets great joy out of it. I am proud of my brother and am glad to give as he requested.

What the new signal will look like
