What the new signal ~~will~~ look like!

Do not fear, for I am with you; do not be dismayed, for I am your God. I will strengthen you and help you... Though you search for your enemies, you will not find them.

Who are our enemies? Despair and fear and defeat—they have stood in the way of our goal to triple the wattage of Power 88 to 100,000 watts.

When we joined hands with listeners to reach this goal, we had no idea what barriers and resistance would rise up to challenge our commitment. But these enemies only drove us to Him all the more! We clung to the promises of Isaiah 41: “Do not fear..I will help you.” We have prayed and worked and trusted

the Lord’s promises. His peace has sustained us. Nothing makes us want to praise his name more than knowing the mission is complete and the wall is built:

Power 88 is now 100,000 watts!

Here’s our prayer today: We want those who stole thousands of dollars of valuable equipment designated for the power increase to be reached with the Gospel *through the very instrument they sought to destroy*. Pray with us, that they will be among the 300,000 new people who are now in the Power 88 coverage area...that his hand of mercy will reach them. Thank you so much for walking with us. There are amazing things ahead!

Listener Letters

- Power 88.5 has made major impacts on my life. I have always loved music, and started listening to this station a few years back. I never knew that Christian Music was so great!
- Each morning I wake up to Power 88.5 blaring in my room. I leave it just like that until I get ready to be quiet (pray) before leaving my home for the day. That way I can still hear it in the shower and my children can wake up to the positive message that Power 88.5 thrives to provide. When I get in my car the dial is set to, you knew it- Power 88.5.
- I moved here almost 8 years ago from a city that did not have a contemporary Christian music channel. After living with it almost all my life, which was difficult. As I was moving here and found Power 88, it was a breath of fresh air, and a relief. It was like I had come back home again, and God was Blessing me.

- I started listening to Power 88 when going through a tough time in my life. It lifted my spirits, focused my heart, and filled me with good food. Since I have been listening, it has helped change my focus in life. This is a very important part of life for all of us.

“ *I am blessed that my girls love Power 88..* ”

- My kids and I wake up and get ready for school listening to you. We have to hurry because when the choice song comes on, it's time to walk out the door. My girls sing songs that they have heard on Power 88 when they're quietly playing in silence, not some Brittany Spears, etc. When I'm having a bad day, I can just crank up Power 88 and I immediately start feeling better...worshiping the Lord through song, singing along. I can't imagine my life without ya'll now. Ya'll are the glue that holds the puzzle pieces of my life together at times. You can't be at church or reading the Bible at all times. We need Power 88. I need Power 88. I am blessed that my girls love Power 88. In a way ya'll are helping me by giving them Christian music that they can love.

POWER 88.8 FM

God's grace we were able to finally get this done. Thank you for your patience as we had many setbacks before this was able to get accomplished. This project has been over two years in the making. During the past few months we've also been quietly working behind the scenes on another project. One that would launch as we make the power jump. You may have noticed we sound a little different. The music hasn't changed, but the elements between the songs are different. We've been trying to update our overall sound on the air and now we feel like we've got not only the best music available but also one of the best sounding radio stations as well. The one thing that

Kenny's Corner

As you've already seen we are now officially at 100,000 watts! Thanks so much for your financial and prayerful support to make this happen. We also thank you for your patience. At every step it seemed like Satan was fighting us tooth and nail but through

hasn't changed: how amazing our listeners are. You guys are the reason we put so much effort on this side of the radio to have the best sounding and most impactful radio station out there. Thank you for your continued support as we launch into a new season for this ministry. We're not done yet! There's more to come.
